PROJECTS

Experiencely *(Rails, React/Flux)* | live | github
Platform for skill-sharing workshop signups and reviews, adapted from Feastly.
- Single-page, fully responsive React app built on RESTful Rails architecture.
- Polymorphic associations populate site with user updates and uploads in real time.
- Custom interactive design elements include carousels, clickable star-ratings and jQuery-based CSS transitions.

2048 *(Javascript, HTML5)* | live | github
Addictive Number Puzzle Game
- Mobile-friendly jQuery supports phone/tablet swiping gesture

CHESS *(Ruby)* | github
Pure-ruby chess game in the terminal.
- Color-coded move highlights built with deep board duplication to test outcomes.

SKILLS

Ruby	Javascript	React	HTML	AJAX	git	SEO	Google Analytics
Rails	SQL	Flux	CSS	jQuery	TDD	RSpec	Google AdWords
